IT

AI ENGINEER

Freelancer, 25 to 40 h per week · Remote

Xorbit is a software company from Vienna. Our product family, MeetinX for video meetings and BookinX for online booking, is built for companies that value quality, design and simplicity. We work fully remote, as one international team, and give every person real ownership from day one.

You make meetings understandable across languages. You work on live translation, transcripts and summaries.

MAIN RESPONSIBILITIES

- Improve live translation and speech recognition
- Build summaries and meeting insights
- Evaluate and integrate language models
- Measure quality, latency and cost

QUALIFICATIONS AND SKILLS

- Experience with speech and language models
- Strong Python or TypeScript skills
- Pragmatic and product minded
- English C1

REMUNERATION

Details follow.

Have we got your heart beating faster? Apply and tell us why you should join our team. Send your application to jobs@x-orbit.app

Find a job you love, and you will never have to work a day in your life!
