IT

DEVOPS / PLATFORM ENGINEER

Freelancer, 25 to 40 h per week · Remote

Xorbit is a software company from Vienna. Our product family, MeetinX for video meetings and BookinX for online booking, is built for companies that value quality, design and simplicity. We work fully remote, as one international team, and give every person real ownership from day one.

You keep our EU servers fast and reliable, so that every meeting starts on time and runs smoothly.

MAIN RESPONSIBILITIES

- Operate and scale our Docker based platform
- Automate deployments and backups
- Build monitoring and alerting
- Optimize video and audio infrastructure

QUALIFICATIONS AND SKILLS

- 3+ years in DevOps or SRE
- Linux, Docker and networking skills
- Experience with WebRTC is a plus
- English C1

REMUNERATION

Details follow.

Have we got your heart beating faster? Apply and tell us why you should join our team. Send your application to jobs@x-orbit.app

Find a job you love, and you will never have to work a day in your life!
