IT

QA / TEST AUTOMATION ENGINEER

Freelancer, 25 to 40 h per week · Remote

Xorbit is a software company from Vienna. Our product family, MeetinX for video meetings and BookinX for online booking, is built for companies that value quality, design and simplicity. We work fully remote, as one international team, and give every person real ownership from day one.

You make sure every release works, on every browser and every device, before our customers see it.

MAIN RESPONSIBILITIES

- Build automated end-to-end tests
- Test video meetings across browsers and devices
- Find, document and track bugs
- Improve our release process

QUALIFICATIONS AND SKILLS

- 2+ years in QA or test automation
- Experience with Playwright or similar tools
- Precise and curious
- English C1

REMUNERATION

Details follow.

Have we got your heart beating faster? Apply and tell us why you should join our team. Send your application to jobs@x-orbit.app

Find a job you love, and you will never have to work a day in your life!
